

Hollingbourne Primary School

“A learning community– developing hearts and minds”

Dear Hollingbourne pupil

All pupils at our school use computer facilities, including internet access, as an essential part of learning in today’s modern British Society. You will have the opportunity to access a wide range of technology resources. This includes access to:

Computers, laptops and other digital devices

- The Internet, which may include search engines and educational sites
- School intranet
- Games consoles and other games-based technologies
- Digital cameras.

At Hollingbourne Primary School we recognise the essential and important contribution that technology plays in promoting your learning and development, both at school and at home. However, we also recognise there are potential risks. The school will take all reasonable precautions to ensure that you are as safe as possible when using school equipment and will work together with you and your family to help you stay safe online.

At Hollingbourne Primary we want to ensure that all members of our community are safe and responsible uses of technology. We will support you to:

- ☞ Become empowered and responsible digital creators and users
- ☞ Use our resources and technology safely, carefully and responsibly
- ☞ Be kind online and help us to create a community that is respectful and caring, on and offline
- ☞ Be safe and sensible online, and always know that you can talk to a trusted adult if you need help

Should you have any worries about online safety then you can speak with your class teacher or teaching assistant. You can also access support through the school by talking to Mrs Robinson, Mrs Allen-Harding or Mrs Bradley-Wyatt and via other websites such as www.thinkuknow.co.uk and www.childline.org.uk

We request that you and your family read our school Acceptable Use Policy and return the attached slip. We look forward to helping you become a positive and responsible digital citizen.

Yours sincerely,

Mrs Bradley-Wyatt
Headteacher
